# Alma's Shopping List

---

Estimated play time: Approximately 15 minutes

Number of players: Unlimited

Supplies needed: Scoring board/pad; noisemakers

Suitable for visually impaired players.

## Overview:

Alma is a great shopper, but a really bad speller. She's going grocery shopping today, and every word on her list is misspelled by one letter. Can you help fix her list by changing one letter of each word, without changing the order of the letters? For example, if the item on Alma's List is *dried mice*, it should be changed to *fried rice*. Any kind of item sold in a grocery store could be on Alma's list, and both brand names and generic names can be used.

## Instructions:

There's no scoring on this game – just play for fun!

We strongly recommend that each word on Alma's list is written on a whiteboard or large pad of paper so that all players can see it. If they have trouble coming up with an answer, you may want to tell them which letter is the one to be changed as a hint.
