

4/24/22

Group Therapy

Estimated play time: Approximately 15 minutes
Number of players: Unlimited
Supplies needed: Scoring board/pad; noisemakers
Suitable for visually impaired players.

Overview:

In this game, each question has several answers. The goal is to come up with the number of correct answers required in the question. For example: Can you name five shades of the color red? Possible answers could be: Scarlet, Maroon, Rose, Crimson, Garnet.

Instructions:

1. This game can be played by individuals or in teams.
2. Read the first question. Discussion is permitted among teammates. Prior to the start of the game, a method to signal when a player/team is ready to answer must be determined. Ringing bells and New Year's blowers are just two inexpensive noisemakers. Raised hands work, but the host must be vigilant to watch for whose hand went up first. The host always has the final say in any disputes.
3. After a player/team is recognized as the first to signal, they may give an answer. If the first answer is incorrect, the others may 'buzz' in and answer.
4. Keep score (10 points for each answer) after each question is answered correctly. Play until all questions have been asked and answered.

4/24/22

Group Therapy

INSTRUCTIONS: This quiz proves that there can be more than one correct answer to a question.

QUESTIONS

1. Name five things that are blue.
2. Come up with ten men's first names that begin with C.
3. Name ten of the fourteen US states that border on the Atlantic Ocean.
4. Come up with six synonyms for SMART.
5. Come up with the names of five famous people who use one or more initials as part of their name.
6. Come up with eight common pizza topping (besides cheese and tomato sauce).
7. Name six common road signs.
8. Come up with five words that end in the letter B.
