Hidden Animals

Estimated play time: Approximately 15 minutes
Number of players: Unlimited
Supplies needed: Scoring board/pad; noisemakers
Suitable for visually impaired players.

Overview:

Can you identify the animals that complete the words in this list? For example, the animal that completes *"_ _ _ ardly"* is *cow* (cowardly).

For a more strenuous brain exercise, try covering up the definitions and solving the incomplete words without any hints.

Instructions:

1. This game can be played by individuals or in teams.

2. Read the first definition. Discussion is permitted among teammates. Prior to the start of the game, a method to signal when a team is ready to answer must be determined. Ringing bells and New Year's blowers are just two inexpensive noisemakers. Raised hands work, but the host must be vigilant to watch for whose hand went up first. The host always has the final say in any disputes.

3. After a player/team is recognized as the first to signal, they may give an answer. If the first answer is incorrect, the other teams may "buzz" in and answer.

4. Scoring: Give 10 points for each correct answer.
