Estimated play time: Approximately 15 minutes
Number of players: Unlimited
Supplies needed: Scoring board/pad; noisemakers
Suitable for visually impaired players.

Overview:

This quiz is a particularly good brain exercise! Not only do you need to come up with the correct answers … you need to spell the answers backwards!

Instructions:

1. This game is best played by individuals.
2. Read the first question aloud. Prior to the start of the game, a method to signal when a player is ready to answer must be determined. Ringing bells and New Year's blowers are just two inexpensive noisemakers. Raised hands work, but the host must be vigilant to watch for whose hand went up first. The host always has the final say in any disputes.
3. After a player is recognized as the first to signal, he or she may give an answer. If the first answer is incorrect, the other players may 'buzz' in and answer.
4. Scoring: Give 10 points for each correct answer.
