Finish the Jingle

Estimated play time: Approximately 15 minutes

Number of players: Unlimited

Supplies needed: Scoring board/pad; noisemakers

Suitable for visually impaired players.

Overview:

The most successful advertising jingles are the ones that you can't seem to get out of your head. Let's see how successful these were. We've given the first few words of classic jingles, and you need to supply the rest of the line. Don't be surprised if you break into song!

Instructions:

1. This game can be played by individuals or in teams.
2. Read the first clue.. Discussion is permitted among teammates. Prior to the start of the game, a method to signal when a team is ready to answer must be determined. Ringing bells and New Year's blowers are just two inexpensive noisemakers. Raised hands work, but the host must be vigilant to watch for whose hand went up first. The host always has the final say in any disputes.
3. After a player/team is recognized as the first to signal, they may give an answer. If the first answer is incorrect, the other teams may "buzz" in and answer.
4. Scoring: Give 10 points for each correct answer.
