Estimated play time: Approximately 15 minutes  
Number of players: Unlimited  
Supplies needed: Scoring board/pad; noisemakers  
Suitable for visually impaired players.

## Overview:

In this game, each question has several answers. The goal is to come up with the number of correct answers required in the question.

## Instructions:

1. This game can be played by individuals or in teams.
2. Read the first question. Discussion is permitted among teammates. Prior to the start of the game, a method to signal when a player/team is ready to answer must be determined. Ringing bells and New Year's blowers are just two inexpensive noisemakers. Raised hands work, but the host must be vigilant to watch for whose hand went up first. The host always has the final say in any disputes.
3. After a player/team is recognized as the first to signal, they may give an answer. If the first answer is incorrect, the others may 'buzz' in and answer.
4. Keep score (10 points for each answer) after each question is answered correctly. Play until all questions have been asked and answered.
