

## Homework 3/1/26

# WE Play

---

Estimated play time: Approximately 15 minutes  
Number of players: Unlimited  
Supplies needed: Scoring board/pad; noisemakers

### **Overview:**

Homework games usually differ from our typical game formats in that they are meant for individual play and will often require pencil and paper to solve. However, with a little adaptation, you can usually use them for group play as well. As a homework game, we recommend that you hand out the game page (but not the answers) for your players to take home. Perhaps you can post the answers on a bulletin board or in the elevator a couple of days later.

### **Instructions:**

Match the definitions in Column B (which are listed in random order) with the words in Column A in order to determine which letters are missing.
