# It's GEOGRAPHICAL

---

Estimated play time: Approximately 15 minutes  
Number of players: Unlimited  
Supplies needed: Scoring board/pad; noisemakers  
Suitable for visually impaired players.

## Overview:

In this quiz, you are given a clue to an answer that contains a **geographical** reference. The clues could make reference to a person, place, thing, etc. An example might be: \_\_\_\_\_ *Hilton*. The answer to that clue is a person, i.e., *Paris (Paris Hilton)*. Another example might be: *Carry coals to* \_\_\_\_\_. The correct answer to that clue is a place, i.e., *Newcastle*, which is a city in England; and so on.

*(Note: The correct answers can be real or fictional, past or present, and living or dead.)*

## Instructions:

1. This game can be played by individuals or in teams.
2. Read the first clue. Discussion is permitted among teammates. Prior to the start of the game, a method to signal when a team is ready to answer must be determined. Ringing bells and New Year's blowers are just two inexpensive noisemakers. Raised hands work, but the host must be vigilant to watch for whose hand went up first. The host always has the final say in any disputes.
3. After a player/team is recognized as the first to signal, they may give an answer. If the first answer is incorrect, the other teams may "buzz" in and answer.
4. Scoring: Give 10 points for each correct answer.
