One-Minute Madness

Estimated play time: Approximately 15 minutes
 Number of players: Unlimited
 Supplies needed: Scoring board/pad; noisemakers
 Suitable for visually impaired players

Overview:

One question. One minute. Multiple answers. In One-Minute Madness, a question is asked that has multiple answers (usually anywhere from 5 to 100+). The goal is to see how many correct answers your players can come up with in one minute.

How many phrases can you come up with in one minute that complete the construction *ONE _____*? *Note: Each answer must be a familiar phrase that begins with the word ONE, but it can have as many as three or four words that follow ONE. Also, while it is correct to say ONE SHIRT or ONE HOUSE, neither is a familiar phrase, such as, say, the description ONE-SIDED would be. Finally, in this particular game, we are not allowing numbers such as ONE HALF, ONE HUNDRED, ONE THOUSAND, and so on; and we are not allowing phrases in which ONE just stands for a number of things, such as ONE PERSON.*

Instructions:

This game can be played several ways:

- Teams of players write down as many answers as they can in one minute, each team getting one point per correct answer;
- Individual players write down as many answers as they can in one minute, scoring as above; or
- All players just shout out answers in a free-for-all style with no scoring.
