11/22/26 Question for Discussion

Thanksgiving

Thanksgiving is on its way. For many people, it's their favorite holiday because of all the delicious food!

If you could design the perfect Thanksgiving meal, what would it be? Would you like to have traditional turkey and stuffing; or would you prefer something different for the main course? What about the side dishes: what would they be, and how many would you have? Finally, there's dessert: are you a pumpkin pie person, or would you choose a different dessert for your perfect Thanksgiving dinner?

Of course, here's the most important question of this season: What are you most thankful for?
