# Pass And Over

---

Estimated play time: Approximately 15 minutes  
Number of players: Unlimited  
Supplies needed: Scoring board/pad; noisemakers  
Suitable for visually impaired players

## Overview:

Every word in this game either starts with the word **PASS** or ends with the word **OVER**. Given those four letters plus one additional letter, can you fill in the blank spaces and complete each common English word?

**Note:** The number in parentheses indicated that number of words that can be made of that construction. See if you can get them all!

## Instructions:

1. Write the first clue on a white board or easel large enough for all to see. Be sure to place empty lines where the letters are missing.
2. Allow players to shout out answers.
3. Instead of scoring, you might consider passing out a token (for example, a poker chip, or a piece of cardboard, or a spare button) to the first person you hear shout out the correct answer.
4. When the game is over, the person with the most tokens wins the game. You might consider giving him or her a lottery ticket or a special chocolate bar for that achievement.
