

4/24/22

Visual Words

Estimated play time: Approximately 15 minutes

Number of players: Unlimited

Supplies needed: Scoring board/pad; noisemakers

Overview:

Overview: In this game, we provide twelve pictures of animals and twelve parts of words. The goal is to put one picture together with one word part to come up with a new word. For example:

The picture of the *bat*, plus the word part *tery* makes the word *Battery*. Important note: Each picture and each word part will be used only once, and the image can either begin or end the word.

Instructions:

Print out (in the best quality printing available to you – color is best, but black and white should work, too) the following pages and pass them out to each player. If you want to save on the color printing, two players can share one document. If you have the technology, you could also project the images on a screen.
